dences that a sweeping victory for are several causes for this remarkable change which has taken place in one bottom will poll the full strength of the party. For every democratic vote the "independent" candida'e for sheriff receives among this class of our citizens, the democratic nominee will draw at least one from his republican opponent. In addition to this, a large number of basiness men of republican proclivities, disgusted at the shuffling, half-hearted support of their party organ, and realizing that defeat is inevitable, will vote the defeat is inevitable, will vote the stra ght democratic ticket. Furthermore, the people regardless of party, as the day on which they will be called upon to vote approaches, have taken the trouble to ascertain the record and character of each candidate. This careful scrutiny has in each interest redounded to the benefit of the democratic nominees, whose fitness for the offices to which they aspire cannot be questioned even by their political opponents. All these causes combined render the outcome easy to foretell by the least observing, and that next Tpesday will usher in a grand democratic victory in Cochise county, no intelligent, well-

nformed person doubts.

The "half-breed independent organ, referring to Neagle's letter to It says, "Mr. Carr's duty was plain when he received the letter. He should have sought Mr. Neagle, and found whether it was a fact or a forgery." The truth of the whole thing is simply this: Neagle wanted to sell receipt of the letter, would go to him him. It's so natural. and say, "Neagle, I won't draw out of the fight, but if you will, I will see that you and your friends are provided for." But they counted without their host. L. W. Carr is to-day the strongest man in the field, land. A periodical is to be published and Neagle realizing this, knowing he has no chance for election, thought to secure something out of the wreck, and now that the infamous plan has been exposed, they cay like the thief in the crowd, "forgery." They have shown their hands and have nothing for their trouble but the deserved contempt of the people, which they will emphatically express on elec-

SOLD OUT."

We have known for some time . that the leaders of the "half-breedindependent" movement wanted to sell out, but hardly expected their organ would get the start of them and sell the whole business. We there can be no doubt but that the bargain has been consummated as the organ has the following in its issue of the 31st, which all sensible men recognize as applying with peculiar fitness and force to the late, so-called choice. "independent" gang:

They have sold out the party to which they claim allegiance, basely betrayed the trust reposed in them, and joined handwith their political enemies. But these jobbers and tricksters have reckoned with out their host. Honest and conscientiou-democrats will refuse to follow the lead of a handful or political guerrillas or place confidence in the utterances of their soconfidence in the university will refuse to called newspaper. They will refuse to vote for a min who has not a single quality to recommend him, except it be his iriendship for outlaws and those who make a living without honest-work.

THE "half-breed" organ, realizing that L. W. Carris the strongest candidate in the field for the office of she.iff, have dropped their fight against Ward and are turning their batteries against Carr. They hope, through misrepresentations and talsehoods to drag him down to their level and then defeat him. They realize that this is a forlorn hope, and will hesitate at nothing, however false or low, to win a fight, which they could never gain by fair, honor able means. But it's too late. The people are fully aroused to the great damage Neagle's election would cause to our material prosperity, and have decided to vote for L. W. Carr. an honorable, upright man, a proper ty holder and tax payer, whose interest is coexistent with theirs, that peace and justice to all may prevail.

So it's really a fact that the Repub lican has sold out to the "half breed indepenents."

IT is currently reported that Neagle has threatened to "make certain ons of b- get out in the street" in case he is defeated. This is one of the old bulldozing tactics, and more certain than any-Each day brings additional evi. thing else will defeat him on election day. The people, the law-abiding the democratic ticket in this county citizens, taxpayers and property ownwill be the result of next Tuesday's ers do not want any more broodshed. ballot-boxing. There while brave, will have no petty or personal spites to revenge, the accomplishment of which will disturb short week. A close canvass of the the peace and possibly inaugurate city has revealed the fact that among the old reign of terror. As sheriff the miners of the camp, where it is of this county, L. W. Carr will diselaimed the democratic disaffection charge the duties of the office in was greatest, the ticket from top to such a manner as to give perfect satisfaction, insuring a continuation of the prosperity we are now enjoy-

> THE following from the Tucson Star is so applicable in every respect to this county that we reproduce it: MANUFACTURERS OF THEIR OWN PLAN It is not so much enthusiasm as real work that is needed from now on to the end of the canvass. The Democrats are all hopeful and confident. Events have shaped themselves largely to our advantage, and there is nothing so much to be which comes from over cantidence. That policions to recover the ground they have ost. It depends on the democrats to say whether they shall be successful or not.
> If the party, and every person who owes

Here in the city the real fight will have to be made, and it is here that the democratic strength should be concen-trated for a final and determined effort. It is an old adage, and a true one, that the battle is not always to the strong nor the race to the swift. It is meant to teach fidelity to efforts; persistent work. That is the real secret of all success.

THE Neagle "half-breed independent" organ says Neagle never wrote a letter to L. W, Carr, asking him to withdraw from the canvass. Everyone who has seen the letter, and are at all acquainted with Neagle's signature believe be wrote it. But to settle it we are willing to submit the Carr, gives the whole thing away. letter and half a dozen of Neagle's signatures made during the last year for the inspection of three disinterested experts and abide by their decision. The contents of the letter are characteristic, as he calls Ward a " son of a -- " twice in a page and out to Carr. He thought Carr, upon a half. That's enough to convict

> THE Boston Post says: Boston is not alone in making an effort for the restoration of the Irish language. A similar effort is being made in Irethere, devoted exclusively to the culivition of the language, which, what ever else may be said of it, possesses a rich literature of its own, and is of great interest to the scholar and antiquarian.

> The "half-breed" organ says, "The miners in this camp know that when the attempt was made to reduce wages in the Crown Point mine, Virginia City, Dave Neagle was the first man to raise his voice against it." Be kind enough to state what position Dave Neagle and "Judge" Murphy took regarding the employment of Chinese at Panamint.

Neagle cannot point to half a dozen men in Cochise county who pay have not heard the amount paid, but \$100 worth of taxes who will vote for him. Property holders want a man who will protect their property impartially without fear or favor, and they realize Neagle is too strong a partisan to be fair. Carr is their

"Their hour has come, and next November the people will bury them and the outlaws candidate whom they champion in the same political grave." Correct, old son, and we are glad to see that you fully realize your doom.

THE Star says the fact that Capt. Tevis was the first advocate of Artesian wells for the desert-and first demonstrated that they were possible and practicable - ought to count largely in his favor at the coming election in Cochise county. It is men of mind, capable, practicable and energetiv that we need in the legislature.

SINCE the Earp shoe got on the Neagle foot, the "half breed" organ hasn't had much to say about Ward being an Earp man, or Carr belonging to the railroad company.

Ann still the Oury boom continues. There is hardly a prominent republican in Arizona but what will vote for the brave, "honorable old pioneer."

Three cheers for L. W. Carr, the next sheriff of Cochise county.
